07/21/04

The First Nations Council in the meeting of July 12 & 13, 2004 recommended that the name proposed in section 5.1.4 of the Status Report (East Side Planning Council) be changed to East Side First Nations Council. It was the view of the secretariat that the discussions on this issue had not been completed and would require further discussion before all references to an East Side Planning Council in the document are altered if necessary.
