

Manitoba Hydro Keeyask Generation & Transmission Projects Chronology Chart

Clean Environment Commission and Canadian Environmental Assessment Agency

Date Modified & Version: December 31, 2013 - V37

Review Process:

- 1) Manitoba Conservation and Water Stewardship-Environment Approvals Branch - reviews Keeyask Generation and Transmission Projects separately and oversees; Environment Act Proposals, Scoping Documents, Environmental Impact Statements, Technical Reports, filings and review comments
- 2) Canadian Environmental Assessment Agency reviews Keeyask Generation and Transmission Projects jointly
- 3) Clean Environment Commission reviews Keeyask Generation Project and holds hearings

Legend:

Canadian Environmental Assessment Act -Canadian Environmental Assessment Act from 1992 applies to Keeyask Generation Project
 Description - events, documents, motions, activities of Clean Environment Commission and Canadian Environmental Assessment Agency
 URLs - If links are broken, email info@manitobawildlands.org for a copy of the document
 Acronyms list - Master list available at the end of document
