

Manitoba Wildlands Lake Winnipeg Regulation Public Policy Chart - Introduction

The workbook and sheets encapsulate the best available information through a desk study on public policy relating to Lake Winnipeg and Lake Winnipeg Regulation (LWR). It is not a complete guide, but is instead a set of information meant to demonstrate the diversity of organizations and outputs that have shaped public policy, decisions, and interactions around the Lake. We have recommendations for further development of this public policy tool about Lake Winnipeg Regulation.

The workbook is divided into nine sections/sheets:

*Organizations; Laws, acts, regulations and licences;
Agreements; Policy, programs; Reports, reviews, and recommendations;
Committee, task force, study body, boards; Hearings and inquiries; Acronyms.*

If you would like to print the workbook or any of the individual worksheets please be advised that the pages are set for 11'x17' (Tabloid) printing.

Most sections are in chronological order, except for the section on "*Laws, acts, regulations and licences*", which is in alphabetical order. Each worksheet in the workbook has a "comments" column. Details are entered here when relevant and/or important to LWR. Certain columns are not used for certain entries.

Additional notes about worksheets:

Several of the organizations have reports listed on the sheet or work in relation to an Act, regulation, or licence, Public policy Lake Winnipeg workbooks and its contents are subject to review, and are based on publicly available materials..

For more information on public policy affecting Lake Winnipeg see the Manitoba Wildlands report provided to the CEC LWR hearing:
Governance, Management, Regulation, Monitoring and Protecting Lake Winnipeg – With Respect to a Great Lake as Reservoir.

The transcript for April 9, 2015 Clean Environment Commission Lake Winnipeg Regulation hearings posted on the CEC website contains the Manitoba Wildlands presentation. Closing statements from Manitoba Wildlands for April 16, 2015. will also be posted,
