Dear Premier Doer;

Re: Manitoba New Democratic Party Responses to Manitoba Wildlands' Pre-Election Survey

We are writing to follow up on our initial correspondence of February 21, 2007 on the written response dated March 16, 2007 as well as to follow-up on phone calls and email we received from policy staff for the Manitoba NDP government and Wayne Copeland, Provincial Secretary for the Manitoba NDP.

In our letter dated February 21, 2007 we asked the four major political parties in Manitoba to respond to our pre-election survey by March 7th, 2007 in order to be able to post all responses at the same time. We are disappointed that to date we have not received responses from the Manitoba NDP. Responses from the other three parties have been received and are now posted on our website at http://manitobawildlands.org/web_docs/election_mb07_main.htm.

We have received assurances from both the Manitoba NDP Caucus and Manitoba NDP party management staff that the NDP will be responding to our survey. Please let us know when we can expect to receive the NDP responses – we would appreciate an answer as soon as possible. Please ask staff to contact myself with answers by April 27, 2007 at the address above.

Yours truly,

Gaile Whelan Enns
