complexity issues. Consulting career followed 30 years in executive public service
positions in the Manitoba and Federal governments.**

BACKGROUND

**Examples of clients include medium to large businesses
(Spar Aerospace, Ecoscapes, Mulvaney, Ontario Horticultural Industry, Hobbs and
Associates, Canadian Air Transport Association), government departments (e.g.
Alberta Industry, Newfoundland and Labrador Rural Development, Auditor General
for Canada, Privy Council Office, Industry Canada) and international (World Bank,
FAO, Government of Venezuela).**

**Federal and provincial government senior executive experience (economic,
energy, environment, strategy, negotiation, global) included lead of Canada's
delegation to the OECD High Level Committee on Environment and Economy;
President of the UNESCO World Heritage Committee; Assistant Secretary to the
Cabinet, Aboriginal Constitutional Affairs; Parks Canada CEO; Canada's State of the
Environment Report, 1991; Assistant Deputy Minister for Regional Economic
Development for Western and Northern Canada, including PFRA; Assistant Deputy
Minister for Industry, Science and Technology and for Environment Canada;
Assistant Secretary to the Manitoba Cabinet responsible for federal-provincial
agreements; Assistant Deputy Minister for Mines, Resources and Environmental
Management for Manitoba.**

**Special government research and policy assignments (energy, economic,
environment): Chair of Program Review for Aboriginal Programs; managed Social
and Economic Impact Analysis of the Churchill and Nelson Rivers and Lake
Winnipeg Regulation Hydro-Electric Project; established Aboriginal Business
Canada; and Resource Economist for research, policy and program development
and negotiations for the Federal-Provincial Rural Development Agreement on
Manitoba's Interlake region, and for Northern Development.**
