305-155 Carlton Street  
Winnipeg, MB R3C 3H8

Dear Ms Johnson:

**Re: CEC proceeding into the proposed licensing of the  
Bipole III transmission project**

CAC Manitoba appreciate this opportunity to file the expert reports of:

Professor Bram Noble and Professor Jill Gunn;  
Mr. Doug Skinner;  
Habitat Health Impact Consulting; and,  
Professor Alan Diduck and Professor Patrica Fitzpatrick.

Brief biographies of the report writers are included in the reports.

Enclosed as well is the Power Point presentation of Dr. Gordon Brown which will be presented on November 15, 2012. Dr. Brown also may make reference to Appendix B of the September filing of CAC Manitoba as it relates to Human Health Risk Assessment and Health Impact Assessment.

For the assistance of the panel, CAC Manitoba has set out three documents as Appendices. Appendix A presents *Improving the practice of cumulative effects assessment in Canada*. Appendix B sets out Appendix B from the September filing of CAC Manitoba. Appendix C sets out a brief biography of Dr. Brown.

A consolidated set of the curriculum vitae will be sent out under separate cover. CAC Manitoba may file a separate literature review of sustainability assessment under separate cover.

The literature review is not intended to be the subject of oral evidence. It may be employed to assist closing arguments.

Yours truly,

**BYRON WILLIAMS  
DIRECTOR**
